Dear Mr. Smith

I refer to your recent correspondence on behalf of Llanharan Community Council requesting a congestion charge be introduced for Heavy Goods Vehicles entering Llanharan.

The Council does not currently have the powers, infrastructure or resources to be able to introduce or enforce congestion charging and therefore could not consider the introduction of such a scheme through Llanharan at the present time.

You may be aware of the Welsh Government initiative to introduce a default 20mph system across Wales which will come into force on 17th September 2023.

This initiative will see, with some exceptions, current 30mph limits on urban roads automatically reduced to 20mph. Therefore our immediate focus will be on the introduction of the Welsh Government 20mph initiative which has to be completed by September this year.

Following its introduction, the majority of roads through both Llanharan and Brynna, including the A473 from the High Corner through to Bryncae and Brynna Road from the High Corner to the western end of Brynnau Gwynion, will default to 20mph. It is anticipated that the 20mph initiative will offer wide safety benefits across the country

when implemented and act as a deterrent to extraneous traffic where other routes are available.

However, as you will be aware, the Council has been progressing the Llanharan Link Road Scheme to help alleviate traffic issues along the A473 through Llanharan, having undertaken pre-planning consultation on the proposals fairly recently. Following completion of the pre-application consultation, the Council deferred making a planning application at the time as we were aware that the Welsh Government had initiated a "Roads Review" which included specific consideration of this project

The outcome of the Review has been published and, despite the Council advocating its merits and strong local support for the Link Road, the findings of the Review are unfavourable to the scheme as proposed in the pre-planning consultation.

Clearly, the Council must act in alignment with Welsh Government as there will be implications for a future planning application and for the process of gaining powers for necessary compulsory purchase of land and the making of side road orders necessary to implement a major scheme.

The Council recognises the continued growth of Llanharan will require major improvements to infrastructure and transport services and will work with Welsh Government to ensure we develop proposals that align with the new Wales Transport Strategy, whilst still providing residents living along the A473, through the village, with some relief from through traffic and the incumbent safety and health concerns.

In conclusion, the Council is not in a position where it can divert resources from the Welsh Government 20mph initiative which is currently being implemented and will in itself potentially change travel habits and movement patterns for the benefit of the area.

The implementation of a congestion charge is a significant commitment which will require full and detailed consideration and should not be perceived as a short-term solution. It is not a priority for the Council at this time and we continue to be committed to delivery of substantive infrastructure improvements. It would not be appropriate to divert our efforts from that longstanding commitment.

As evidence of that intent, I can confirm that the Council's Cabinet met on 27th March to consider the Capital Programme for Highways, Transportation and Strategic Projects and committed £5.058M towards developing and implementing such proposals.

Extra Correspondence.

Officer's note:

Councillor Mark Steer is unable to attend tonight's meeting and has requested his member's report is entered into Correspondence as to be entered into the public record.

Members Reports - Cllr. Mark Steer

I have run 2 Walks and Talks for local Cub Scout Groups in Brynna Woods - 1 this evening.

A local resident has asked if it would be possible for a speed camera van to monitor Brynna Road between Whitehills Pub and the entrance to Brynnau Gwynion as he is concerned with the speed of some vehicles on this stretch. Cllr. David Evans has checked with South Wales Police and they have advised that there is very limited availability and this area is not on their current list. He suggested speaking to the local pSCO to see if hand held speed 'guns' could be used to monitor. Also this stretch is in the RCTCBC Highways proposals to reduce the current 40MPH limit to 30MPH. This information has been fed back to the resident.

The dog waste bin at the western end of Brynna Woods was not emptied for at least 2 weeks. I did a clean up of the area where the bin was overflowing and left a RCT Street Cleaning bag there. Cllr. David Evans has checked with Street Cleaning and it appears that they have not been able to access the bin with their pick up truck due to vehicles from the development works blocking the bridleway.

Thanks and regards.

Mark

CIL2023/046 CIL project delivery plan

RECOMMENDED

To Amend the Active Project List (Those projects being actively progressed) to include only those projects shown in amber on the accompanying paper.

RECOMMENDED

For the Clerk to add a column to the Active Project List to indicate which of the projects require council resource in terms of project management and which are simply grants.

RECOMMENDED

For the RFO to draw up a cashflow plan for presentation to the Committee, showing current and forecast cashflows and balances.

Appendix 8

Llanharan OAP Hall refurb (CIL funds)

Council previously resolved the following:

RESOLVED

That the CIL application received from Llanharan OAP association regarding refurbishment of their hall be approved in principle with a budgeted spend of £60,000 allocated. That the VAT arrangements be clarified given the VAT status of the association and this reported to council for final approval prior to any monies being released. For the Clerk to advise the Association of any external funding opportunities available.

Note that the project is on the CIL123 list and active project lists. Llanharan OAP association have selected a builder and a quotation.

This paper assumes the quotation provided is still valid.

Matters for consideration:

To decide whether to:

- a) Grant the full monies (including the VAT element) directly to Llanharan OAP association totalling £51,374 plus VAT = £61,648.80 plus potentially resolving a suggested contingency of 5%.

Officer note: Potentially subject to planning permission/LDC, a legal charge on the building and evidence of due diligence regarding the quotation process.

b) To undertake the work on behalf of Llanharan OAP association.

Potential Benefits: The Council would be able to legally reclaim circa £10,000 in VAT.

Potential drawbacks: The Council would need to go through a formal tendering process. The Council would need to demonstrate that it had been substantially involved in the works (although it could use Llanharan OAP Volunteers). Officer workload.

See appendix 8b and 8c detailing the advice regarding the VAT process and tendering process.

c) Not to proceed.

d) Some other option not listed here.

Officer's note:

When considering the options, Councillors may want to be mindful of setting (non-binding) precedent with regards to future similar projects involving external groups.

Dear Leigh,

We understand that the council is considering a grant of £60,000 to Llanharan OAP Hall, to which £12,000 value can be added if any party can reclaim the VAT. We have looked at the information that you have provided, and at information on the council's website.

A key question relates to who owns the Llanharan OAP Hall. It appears that the council is not the owner – and so it has no responsibilities for its upkeep or landlord/tenant obligations. If this is incorrect, please let us know, as there are other VAT considerations where a council has ownership obligations.

There are no circumstances in which the Llanharan OAP Association can reclaim VAT on refurbishments. Even if the association was a registered charity, there are no VAT concessions available for renovation work. VAT registration wouldn't be available if the association's sole business activity is the VAT-exempt leasing of rooms. The association could avoid incurring VAT if it engages small contractors who are trading under the VAT registration threshold. However, as the threshold is only £85,000 per year, any contractors would have to be quite small enterprises.

The council cannot reclaim VAT on costs incurred directly by the Llanharan OAP Association. We often come across attempts to get around this by having the council engage contractors on behalf of a community organisation such as a sports club or village hall, and then receive a reimbursement of the net costs. This is strictly not permitted (see [VAT Notice 749 section 6](#)).

This leaves one viable option – from a VAT perspective, although it may not be feasible under other rules. The council must be satisfied that it has suitable legal powers to give such assistance.

If the council retains the CIL monies, rather than giving a grant to Llanharan OAP Association, then the monies would be regarded by HMRC as council funds. The council could then make a properly minuted decision to assist Llanharan OAP Association by engaging contractors to carry out works to the OAP Hall, or by purchasing specific products (e.g. building or decorating materials) for the project. The council could undertake these expenses as a gift to Llanharan OAP Association – and such gifts are treated as non-business activities (see section 10.4.4 of VAT Notice 749). Councils can always reclaim VAT on non-business activities.

The council must be careful to meet the relevant rules as set down by HMRC in Notice 749 section 6.1. The council must:

1. Place all orders – using the council's normal purchasing system under its Financial Regulations
2. Receive the supply – e.g. ensure that the contractor is engaged by the council, and responsible to the council for delivering services in line with the contract. For goods purchased, the council must be satisfied that the goods have been delivered as ordered (e.g. hold a goods received note)
3. Receive a VAT invoice made out to the council, and
4. Pay out of council funds, including the CIL funds.

If the council follows this course, then it must not be a paper exercise – the council must substantively engage in procuring and delivering the refurbishment works, although it can use volunteer support from Llanharan OAP Association.

Please let us know if anything is unclear, or if there is any other information that will provide another perspective.

Good afternoon Steve,

Are you now able to provide formal advice please? I've copied and pasted below. Council have asked me to look to see if this can be achieved and are happy to carry out the project on behalf of the OAP association if this a lawful approach. (presumably, we would then 'gift' the refurbishment and this would be lawful?) or to look at any other method that would lawfully allow us or the OAP association to reclaim the VAT.

We have received an application for CIL funding from a local OAP association to refurbish their hall. The Council is minded to support the project, however the organisation is not VAT registered, does not want to become VAT registered and is not a registered charity and so has no exemption certificate.

As it stands the Council is therefore being asked to grant to cover the VAT element of the work which of course cannot be reclaimed.

I have looked into the HMRC rules regarding village halls and the potential for a group to reclaim VAT on such projects and clearly this is a complicated topic.

Anecdotally I have also heard of occasions where non-VAT registered groups have been able to reclaim a limited amount of VAT on such projects and you were recommended to me to look into this.

Hi Leigh,

This is the sort of thing we would normally answer in England as part of our advisory service to county associations of local councils. Unfortunately, we don't have an agreement in place for Wales. For councils outside of our contracted counties, we offer the same advisory service for an **annual fee of £220**. If you are happy to just have email advice, that would be the most affordable solution for the council and it covers any other financial queries that arise over the next year.

I should emphasise that this is a "question answering" service, not free consultancy – we give responses to finance-related questions such as whether VAT can be reclaimed, when expenses are taxable, how councils should respond to the auditor and similar things. If a council wanted a formal report, a written assessment of options, calculations undertaken or similar work, there would be an additional charge.

For projects, if the council wanted a formal report, assessing the options and making recommendations, that normally starts from £500, but I can't see that giving you much extra value in this case.

If the council is happy with this, I will send you a Letter of Engagement to sign, but I will need a postal address to write to the council.

Hi Leigh,

I am attaching for your information a legal topic note on VAT for your reference (Please see Para 54). The advice here is that you obtain specialist advice in this regard which you have duly done.

The new thresholds (inclusive of VAT) applying from 1 January 2022 are:

PUBLIC CONTRACTS

- Works: £5,336,937
- Services and Supplies (central government authorities): £138,760
- Services and Supplies (other public sector authorities): £213,477

It is clear therefore that this is not an issue given the cost involved with the project.

Although you have referenced your financial regulations you have not mentioned standing orders which refer specifically to the arrangements for management of the tender process. Our model standing orders state the following:

- a Subject to additional requirements in the financial regulations of the Council, the tender process for contracts for the supply of goods, materials, services or the execution of works shall include, as a minimum, the following steps:
- i. a specification for the goods, materials, services or the execution of works shall be drawn up;
 - ii. an invitation to tender shall be drawn up to confirm (i) the Council's specification (ii) the time, date and address for the submission of tenders (iii) the date of the Council's written response to the tender and (iv) the prohibition on prospective contractors contacting councillors or staff to encourage or support their tender outside the prescribed process;
 - iii. the invitation to tender shall be advertised in a local newspaper and in any other manner that is appropriate;
 - iv. tenders are to be submitted in writing in a sealed marked envelope addressed to the Proper Officer;
 - v. tenders shall be opened by the Proper Officer in the presence of at least one councillor after the deadline for submission of tenders has passed;
 - vi. tenders are to be reported to and considered by the appropriate meeting of the Council or a committee or sub-committee with delegated responsibility.
- b Neither the Council, nor a committee or a sub-committee with delegated responsibility for considering tenders, is bound to accept the lowest value tender.

On that basis I am of the view that it would be difficult to justify why the tender process should not be followed. You could of course specifically invite the three contractors to re-submit their bids. Following the process would also demonstrate that the Council is clearly taking the lead in organising the contract which would be the expectation in relation to claiming the refund of VAT.

It will be for the Council to decide as to whether it wishes to suspend financial regulations and standing orders and it may want to seek the view of its Internal Auditor before doing so.

Paul

Good afternoon Paul,

Another query regarding the tendering process I'm looking for advice on please.

We have been advised that in order to reclaim VAT on a project we intend to grant CIL funds for to refurbish the local OAP association hall, we (the Council) must in effect 'do' the work including the procurement. (Advice received in red below). The cost is circa £60,000 plus VAT.

My question is this:

Given that the OAP association has already spend over a year obtaining quotes and a specification and already received 3 quotes from reputable builders, and have indeed selected a builder (which happens to be the cheapest quote) independently:

- Are there reasonable grounds for us to avoid the normal formal tendering process for goods and services exceeding £25,000' enshrined in our financial regs?
- Supplementary question – I understand that the financial limits to which the Public Contracts Regulations 2015 apply are set every 2 years and are currently:

The PCR value thresholds are:

works contracts -£5,336,937;
supplies and most services contracts - £138,760 for central government bodies and £213,477 for other contracting authorities; and
contracts for social and certain other types of services - £663,540.

Is this correct?

If so I assume that in principle Council could suspend its financial regulation in this regard provided it was able to satisfy the auditor that it was in the public interest to do so and that due diligence had been used to obtain best price (which I would argue is the quotation process thew OAP association have already gone through).

Best regards

Leigh

This leaves one viable option – from a VAT perspective, although it may not be feasible under other rules. The council must be satisfied that it has suitable legal powers to give such assistance.

- 2. Receive the supply – e.g. ensure that the contractor is engaged by the council, and responsible to the council for delivering services in line with the contract. For goods purchased, the council must be satisfied that the goods have been delivered as ordered (e.g. hold a goods received note)*
- 3. Receive a VAT invoice made out to the council, and*
- 4. Pay out of council funds, including the CIL funds.*

If the council follows this course, then it must not be a paper exercise – the council must substantively engage in procuring and delivering the refurbishment works, although it can use volunteer support from Llanharan OAP Association.

Dear Leigh,

We understand that the council is considering a grant of £60,000 to Llanharan OAP Hall, to which £12,000 value can be added if any party can reclaim the VAT. We have looked at the information that you have provided, and at information on the council's website.

A key question relates to who owns the Llanharan OAP Hall. It appears that the council is not the owner – and so it has no responsibilities for its upkeep or landlord/tenant obligations. If this is incorrect, please let us know, as there are other VAT considerations where a council has ownership obligations.

There are no circumstances in which the Llanharan OAP Association can reclaim VAT on refurbishments. Even if the association was a registered charity, there are no VAT concessions available for renovation work. VAT registration wouldn't be available if the association's sole business activity is the VAT-exempt leasing of rooms. The association could avoid incurring VAT if it engages small contractors who are trading under the VAT registration threshold. However, as the threshold is only £85,000 per year, any contractors would have to be quite small enterprises.

The council cannot reclaim VAT on costs incurred directly by the Llanharan OAP Association. We often come across attempts to get around this by having the council engage contractors on behalf of a community organisation such as a sports club or village hall, and then receive a reimbursement of the net costs. This is strictly not permitted (see [VAT Notice 749 section 6](#)).

This leaves one viable option – from a VAT perspective, although it may not be feasible under other rules. The council must be satisfied that it has suitable legal powers to give such assistance.

Subject: RE: Advice RE VAT and village halls. Llanharan Community Council

Good afternoon Steve,

Are you now able to provide formal advice please? I've copied and pasted below. Council have asked me to look to see if this can be achieved and are happy to carry out the project on behalf of the OAP association if this a lawful approach. (presumably, we would then 'gift' the refurbishment and this would be lawful?) or to look at any other method that would lawfully allow us or the OAP association to reclaim the VAT.

We have received an application for CIL funding from a local OAP association to refurbish their hall. The Council is minded to support the project, however the organisation is not VAT registered, does not want to become VAT registered and is not a registered charity and so has no exemption certificate.

As it stands the Council is therefore being asked to grant to cover the VAT element of the work which of course cannot be reclaimed.

I have looked into the HMRC rules regarding village halls and the potential for a group to reclaim VAT on such projects and clearly this is a complicated topic.

Anecdotally I have also heard of occasions where non-VAT registered groups have been able to reclaim a

limited amount of VAT on such projects and you were recommended to me to look into this.

Best regards

Leigh Smith

Hi Leigh,

This is the sort of thing we would normally answer in England as part of our advisory service to county associations of local councils. Unfortunately, we don't have an agreement in place for Wales. For councils outside of our contracted counties, we offer the same advisory service for an **annual fee of £220**. If you are happy to just have email advice, that would be the most affordable solution for the council and it covers any other financial queries that arise over the next year.

I should emphasise that this is a "question answering" service, not free consultancy – we give responses to finance-related questions such as whether VAT can be reclaimed, when expenses are taxable, how councils should respond to the auditor and similar things. If a council wanted a formal report, a written assessment of options, calculations undertaken or similar work, there would be an additional charge.

For projects, if the council wanted a formal report, assessing the options and making recommendations, that normally starts from £500, but I can't see that giving you much extra value in this case.

If the council is happy with this, I will send you a Letter of Engagement to sign, but I will need a postal address to write to the council.

Progress on banking mandate signatories, internet banking signatories and PSDF signatories

Barclays Bank

Council has previously resolved the following:

RESOLVED

For the Chair, working with the previous Chair to establish primary authority with Barclays. Then for online banking signatories to be established. Then for banking mandate (cheques and direct debits) signatories to be established.

Officer's note:

The officers request an update from the Current and previous Chair on progress to transfer the Primary authority to the new Chair.

The officers request that without further delay Council nominates by resolution the following:

- a. Online banking signatories.
- b. Banking mandate signatories (Cheques and direct debits)

Note: The Council has previously resolved to firstly establish Lisa Phillips, RFO as a signatory for the banking mandate, online banking and the PSDF. It is requested in the strongest terms that once the Primary authority has changed hands, that this action be undertaken first and urgently before making any other changes.

Then, once this change has taken effect that those nominated in a and b above are actioned.

It is also requested that those undertaking duties for online banking are made aware of the demands of the role, specifically that they are able to commit to checking their emails daily and are able to commit to approving online transactions in a timely manner and to fulfil the administrative aspects of the role necessary for audit trail.

Public Sector Deposit Fund

Council has previously resolved the following:

RESOLVED

*For the Chair, Deputy Chair and RFO to be established as directors of the PSDF.
Namely Cllr David Evans, Helen Donnan and Lisa Phillips respectively*

Officer's note:

The officers request a progress update on removing previous directors and establishing new directors.

Appendix 12

Increase in credit card limit

Paul Beach. Grounds-person.

Current credit card limits

Individual transaction limit: £500

Monthly limit: £750

Proposed credit card limits

Individual transaction limit: £500

Monthly limit: £1500

Reason:

An individual grounds-person, Paul Beach regularly collects and pays for the Aldi shop for the pantry.

A purchase list is produced (based on stock levels) and so the approximate cost of each shop is forecast beforehand.

Before each visit his credit card is paid down to ensure that there is sufficient credit available on the card to pay for the shop.

In theory this transaction should take effect within an hour or so.

However, on several occasions the transaction has been declined, upon which the Clerk has had to go to Aldi to pay for the shop with his credit card. It is assumed that in these cases the transaction has not taken effect in time.

This is inefficient and takes up valuable time for both the grounds-person and the Clerk.

Officer's note:

In the next ordinary meeting of full council, a review of Pantry operations and finances will be presented.

Appendix 13

Formal notice that the following, previously resolved purchases and payments can be paid from CIL funds.

All resolutions subject to approval by RCTCBC CIL dept.

2023/103 Purchase and fit a wheelchair-friendly picnic bench at Oakbrook park. To supersede resolution 2022/040

RESOLVED

To approve a spend of up to £1,000 to provide and fit picnic bench and base at Oakbrook park.

2023/126 Memorial garden status update and temporary cleanup

RESOLVED

To authorise the Clerk to spend up to £500 to remove the heras fencing and clean up the memorial garden site whilst ensuring it is maintained in a safe condition. This work to be carried out by the contractor engaged on the main contract.

2023/123 Revised costs for noticeboards for Llanharry Road and Ynysmaerdy

RESOLVED

To authorise the Officers of the Council to spend up to £3000 for replacement noticeboards for Llanharry Road and Ynysmaerdy, comprising the quotation of £2,782.20 plus a contingency.
