CIL123 list.

The CIL123 list is a 'wish-list' of projects that the Council is currently minded to undertake at some point either now or in the future.

Some rough costs and detail may be included for context but no indication of phasing.

Projects may be added to or removed from the CIL123 list by resolution of the council from any source.

Projects will be removed from the CIL123 list when completed.

Potential project list.

Any potential project suggested for CIL funding from any source is added to the potential project list.

It is intended as a database of suggestions received from public consultations, suggestions from members of the public, councillors and others.

Projects may be taken forward to the CIL123 list or Active Projects list or removed from the list (with reasons) by resolution of the council.

Active Project list.

The Active Projects list shows which projects the Project Officer is actively progressing. It will also show all completed projects.

DRAFT

LLANHARAN COMMUNITY COUNCIL

Anti-Poverty Strategy

Liveable Llanharan – plan for change

2021 - 2023

1. Introduction

Llanharan Community Council is committed to reducing poverty and the impacts that poverty has upon its residents.

The impacts of poverty can last a lifetime and some interventions can take a lifetime to manifest themselves in a changed and improved situation.

This strategy outlines actions to tackle poverty in the Llanharan Community and to prioritise services where they will have the greatest impact.

2. What is poverty?

Poverty is a state or condition in which a person or community lacks the financial resources and essentials for a minimum standard of living.

3. A vision for Llanharan - The Liveable Llanharan Programme

Liveable Llanharan, is the Community Council's long-term plan for change.

Financial, demographic and social challenges facing Llanharan require radical approaches.

Liveable Llanharan is a programme of activity, tools and techniques that will help us to take a managed approach to the challenges that the Community faces.

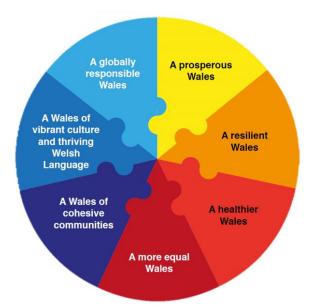

The objectives are:

- to expand and improve services to the community
- to deliver better outcomes for residents to achieve financial sustainability
- to improve the environment to make Llanharan a better place to be
- to collaborate with community organisations/groups, businesses' and residents

4. Well-being of Future Generations Act

Welsh Government has a national picture and approach to well-being through legislation within the Well-being of Future Generations (Wales) Act 2015, the Social Services and Well-being (Wales) Act 2014 and the Environment (Wales) Act 2016.

The idea of embedding poverty prevention within the Community Council's work builds not only upon statutory requirements, but also emphasises a **local approach** to its delivery. It is essential that our approach aligns with the wider direction of Welsh Government, implemented locally through **Liveable Llanharan**. The wider strategic context can be seen here:

Well-being of Future Generations Act

Our Poverty strategy will make a positive contribution to Well Being Goals of the Act.

A resilient Wales - A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems supporting social, economic and ecological resilience and the capacity to adapt to (e.g. climate) change.

A prosperous Wales - An innovative, productive/low carbon society recognising

the limits of the global environment; using resources efficiently/proportionately and which develops a skilled and well-educated population, in a wealth generating economy, providing employment opportunities, allowing people to benefit from the wealth generated through securing decent work.

A healthier Wales - A society in which people's physical and mental wellbeing is maximised and in which choices and behaviours that benefit future health are understood.

A more equal Wales - A society that enables people to fulfil their potential no matter what their background or circumstances.

A Wales of cohesive communities - Attractive/viable/safe and well-connected communities.

A Wales of vibrant culture and thriving Welsh Language - Society promoting/protecting culture/heritage/Welsh language, encouraging participation in arts/sports /recreation.

A globally responsible Wales. When improving the socio-economic environmental and cultural well- being of Wales, we consider the positive contribution to global well-being.

The Community Council's delivery of the Poverty Strategy takes into account the requirements of the Well-being of Future Generations Acts, alongside additional legislation such as the Environment (Wales) Act 2016.

5. Our successes

Llanharan Community Council has a history of supporting residents using our statutory duties and powers.

We have a number of examples (below) of successful anti-poverty projects;

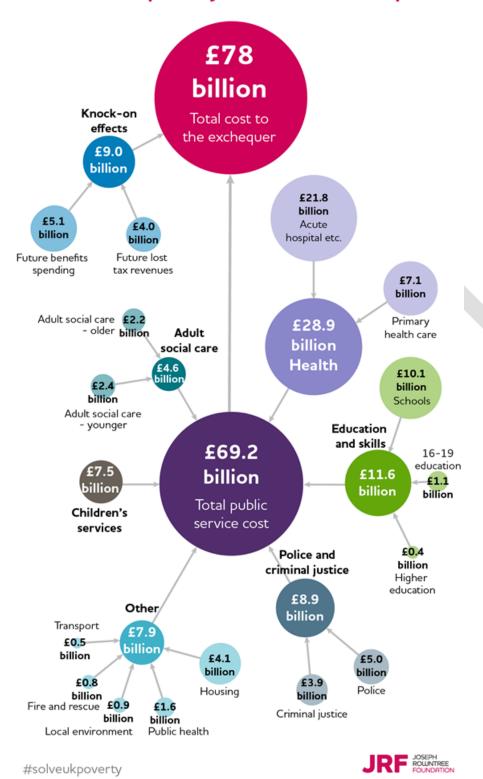

- school holiday support for the local foodbank
- annual grants to community organisations
- emergency Covid-19 Grants in the face of the Pandemic
- senior citizen Christmas dinners
- Christmas hampers for vulnerable people
- Weekly food pantry in collaboration with Fair Share Cymru

6. Impact Assessment

There will be an annual impact assessment as follows:

- link to the Well-being of Future Generations Act and Social Services and Well-
- being Act
- focus on a clear sustainable Llanharan
- clear and measurable milestones
- a definition of poverty
- work with people and organisations experiencing poverty to develop provision
- tackling Poverty Strategy Working Group the purpose of the group is to examine – how can the Community Council's Tackling Poverty Strategy be improved
- 7. The costs of poverty were highlighted by the Joseph Rowntree Foundation in 2016 with its 'Prosperity without Poverty' Report.

The cost of poverty to the UK's exchequer

8. The effects of poverty

Poverty affects every stage of people's lives.

- children have poorer mental and physical health
- people have fewer years free from illness and are likely to die sooner
- children achieve worse results at every stage in school, restricting potential and increasing the risk of passing poverty between generations
- people pay more for essential goods and services such as fuel, transport and food

9. The importance of partnerships

We recognise that reducing poverty is everyone's business.

Community Councils are the grassroots level of local government and has a leading role in setting priorities and providing the framework, but businesses, community organisations/groups and residents have a vital part to play too.
